

GAMING'S IMPACT ON THE U.S. ECONOMY

A NEW STUDY FROM OXFORD ECONOMICS FINDS THE GAMING INDUSTRY REMAINS A POWERFUL ECONOMIC ENGINE AND A DYNAMIC JOB CREATOR.

EMPLOYMENT

Supports **nearly 1.8 million jobs** across the country.

ECONOMIC IMPACT

Contributes **\$261 billion** to the U.S. economy, a 9.5% increase since 2014.

TAX REVENUE

Generates **\$40.8 billion** in tax revenues to federal, state and local governments.

SUPPLIER SPOTLIGHT

Gaming manufacturers were a notable bright spot for employment in 2017, **increasing their employee count more than 8% to 17,132.**

LABOR INCOME

Direct labor income at gaming manufacturers grew to **\$1.1 billion, up 8.4%** since 2014 and out pacing the 5% total inflation over that time period.
