

GAMING BY THE NUMBERS

# Gaming's National Impact

America's gaming industry is an economic powerhouse that creates opportunities for millions of Americans and improves communities across the country — providing diverse career opportunities, a diversified tax base, and a broad set of entertainment options. Spread across 43 states, commercial and tribal casino operators and gaming suppliers are committed to growth, innovation, and reinvestment in the communities where they do business.

\*All location data is as of Dec. 31, 2019. Tribal location data is from the National Indian Gaming Commission. The American Gaming Association (AGA) defines commercial casino locations as licensed, individual land-based casinos, riverboat casinos, racetrack casinos (racinos), and jai alai frontons. Commercial casino locations do not include other forms of commercial gaming locations, such as bars, taverns or truck stops with video lottery terminals, or other locations in which gaming is incidental to the location's primary business.
